Ard spoke the words of the spell awry, as teachers of wizardry must do lest the spell operate. Dulse knew the trick of hearing them aright and remembering them. Whatever he was doing out on the ranges with the beeves, the cattlemen were coming to think well of him. Of course they would grab at any promise of help. Half San's herd was dead. Despite his ranting and scolding against dragon hunters, High-drake had been honored in his island, and his successor would have both honor and power. Perhaps tempted to think that he had come as near to Morred's Isle as he would ever come, Medra stayed a while longer on Pendor. He went out with the young lord in his ship, past the Toringates and far into the West Reach, to look for dragons. There was a great longing in his heart to see a dragon. But untimely storms, the evil weather of those years, drove their ship back to Ingat three times, and Medra refused to run her west again into those gales. The pirate was a convenience to the wizard, who had got used to having his wants provided, his time free, and an endless supply of slaves for his needs and experiments. It was easy to keep up the protections he had laid on Losen's person and expeditions and forays, the prisoning spells he had laid on the places slaves worked or treasures were kept. Making those spells had been a different matter, a long hard work. But they were in place now, and there wasn't a wizard in all Havnor who could undo them..BUT OF COURSE he went down to Havnor South Port, in one of his father's carts driven by one of his father's carters, along with Master Hemlock. As a rule, people do what wizards advise them to do. And it is no small honor to be invited by a wizard to be his student or apprentice. Hemlock, who had won his staff on Roke, was used to having boys come to him begging to be tested and, if they had the gift for it, taught. He was a little curious about this boy whose cheerful good manners hid some reluctance or self-doubt. It was the father's idea, not the boy's, that he was gifted. That was unusual, though perhaps not so unusual among the wealthy as among common folk. At any rate he came with a very good prenticing fee paid beforehand in gold and ivory. If he had the makings of a wizard Hemlock would train him, and if he had, as Hemlock suspected, a mere childish flair, then he'd be sent home with what remained of his fee. Hemlock was an honest, upright, humorless, scholarly wizard with little interest in feelings or ideas. His gift was for names. "The art begins and ends in naming," he said, which indeed is true, although there may be a good deal between the beginning and the end..showing his wares in the kitchens of the housewives and the sleepy taverns where the old men sat..and looked very much a man, though a very young one..of sorcerers is a bad thing. If you're a sorcerer, a man of power, that is. I am. As the good.biologist can explain it to you..Quite early on, impatient with wooing her massive physical indifference, he had worked up a charm, a sorcerer's seduction-spell of which he was contemptuous even as he made it, though he knew it was effective. He cast it on her while she was, characteristically, mending a cow's halter. The result had not been the melting eagerness it had produced in girls he had used it on in Havnor and Thwil. Dragonfly had gradually become silent and sullen. She ceased asking her endless questions about Roke and did not answer when he spoke. When he very tentatively approached her, taking her hand, she struck him away with a blow to the head that left him dizzy. He saw her stand up and stride out of the stableyard without a word, the ugly hound she favoured trotting after her. It looked back at him with a grin..He was gone several days. When he returned, riding in a horse-drawn cart, he had such a look about him that Otter's sister hurried in to tell him, "Hound's won a battle or a fortune! He's riding behind a city horse, in a city cart, like a prince!".power over him now. He could walk into it and out of it as if it were mere lines painted on the.He smiled again. "You're a beautiful woman," he said, but plainly, not in the flattering way he had used with her at first, before she showed him she hated it. "Why would you be a man?"
