And your time to get this specific guide since on the list of compromises has become ready. He snatched up the wine list before she could look at it. "If you're paying, then I'm ordering whatever costs the most, regardless of what it tastes like." In the dark dumpster, tormented by ceaseless torrents of what-ifs, convinced that the spirit of Vanadium was going to slam the lid and lock him in with a revived corpse, Junior had for a while been reduced to the condition of a helpless child. Paralyzed by fear, withdrawn to the corner of the dumpster farthest from the putrefying pianist, squatting in trash, he had shaken with such violence that his castanet teeth had chattered in a frenzied flamenco rhythm to which his bones seemed to knock, knock, like boot heels on a dance floor. He had heard himself whimpering but couldn't stop, had felt tears of shame burning down his cheeks but couldn't halt the flow, had felt his bladder ready to burst from the needle prick of terror but had with heroic effort managed to refrain from wetting his pants. When he noticed that twilight had come and gone, he realized also that he'd walked through Bright Beach, along Pacific Coast Highway, and south into the neighboring town. Perhaps ten miles. If such a small quantity of crushed ice, taken in a single swallow, might cause. Eventually, he settled on a mental image of a bowling pin as his "seed." This was a smooth, elegantly shaped object that invited languorous contemplation, but it did not tease his libido. Suddenly remembering the doctor's assurance to Neddy that they would be out of this building by week's end, Celestina said, "But we've nowhere to go." Twice during dinner, he seemed to draw near The Subject, but then he circled around it and flew off, each time to report some news of little relevance or to recount something funny that Angel had said. He found it difficult to make a painful personal revelation sound sincere when delivered in a shout, but he managed well enough to bring a shine of tears to her eyes: "Part of my left foot was shot off in this upcountry sweep we did." Great anger was apparent in the way that the uneven, red block letters had been drawn on the wall in hard slashes. But the lettering looked like the work of a calm and rational mind compared to what had been done after the three Bartholomews were printed. "This is most incommensurate," Junior said, recalling the word from a vocabulary-improvement course, without need of ice applied to the genitals. The hall was deserted. Then a woman came out of one of the offices and walked toward the gallery, without glancing at him. WHEN AT LAST Paul Damascus reached the parsonage late Friday afternoon, January 12, he arrived on foot, as he arrived everywhere these days. "Come with me," Paul Damascus said at once. "To Bright Beach. It is far away from San Francisco, and he'd never think of looking for you there. Why would he? You've no connection to the place. I've got a house with enough room. You're welcome. And you wouldn't be among strangers." Head lowered, as if his visit to Jacob were a weight that bowed him, his attention was on the ground. Otherwise, he might not have noticed, might not have been halted by, the intricate and beautiful pattern of sunlight and shadow over which he walked. Although the ace of hearts had only positive meanings, and although, according to Maria, multiple appearances, especially in sequence, meant increasingly positive things, a series of chills nevertheless riffled through Agnes's spine, as if her vertebrae were fingers shuffling. He also concluded arrangements to open an account for Gammoner in a Grand Cayman Island bank and one for Pinchbeck in Switzerland. "Mr. Cain, if he bothers you, would you want me to have his choke chain yanked?" Increasingly, he used meditation to relieve stress. He was so skilled at concentrative meditation without seed-blanking his mind-that half an hour of it was as refreshing as a night's sleep. On the high marsh-Dragonfly-A description of Earthsea. Having been an object of Thomas Vanadium's fixation, Junior felt fortunate to have survived. He shuddered. Matching his mother's whisper, taking obvious delight in their conspiracy, he said, "Our own secret society." Symptoms of food poisoning usually appear within two hours of dining. The hideous intestinal spasms had rocked him at least six hours after he'd eaten. Besides, if the culprit were food poisoning, he would have vomited; but he hadn't felt any urge to spew. Junior opened his eyes and saw that only the second of the two rounds had found its intended mark. The first had cracked through the center of a cabinet door, surely shattering dishes within. Like autumn-red ivy, lushly leafed vines of flame crawled up the house. The porch under them was ablaze, as well. Shingles smoldered beneath their feet, and flames ringed the roof on which they stood. With remarkably little splash, the sedan eased into the water. Briefly it floated, bobbling near shore, tipped forward by the weight of the engine. As the lake flooded in through the floor vents, the vehicle settled steadily-then sank rapidly when water reached the two partially open windows. He raised one hand to halt the genteel debate. "The whole reason I stopped here first, before taking you folks on to my place, is so I wouldn't have to bring your suitcases back after Agnes won you over. This is where you'll be happiest, though you're always welcome if she tries to work you to death." In the front wall of the living room, where once had been a fine bay window, the parsonage lay open to the sunny day. Tom shrubbery, carried in from outside, marked the path of destruction. In the very middle of the room, plowed against a toppled sofa and a thick drift of broken furniture, a battered red Pontiac sagged to the left on broken springs and blown tires. A portion of the crazed windshield quivered and collapsed inward, while plumes of steam hissed from under the buckled hood. Second-stage labor was supposed to last about fifty minutes in a woman bearing her first child, as little as twenty if the birth was not the first, but she sensed that Bartholomew was not going to come into the world by the book. "September 13, 1928. Lake Okeechobee, Florida. Two thousand people died in a flood." "See this?" He placed the pepper shaker in front of her on the room-service table and held the salt shaker concealed in his hand. During the preparation of the cards, Barty had fallen asleep in his mother's arms, but with the revelation of his name on the ace, he had awakened again, perhaps because with his head resting on her bosom, he was alarmed by the sudden acceleration of her heartbeat. "I'm not going anywhere," she pledged. She had realized that his voice was growing heavy with sleep. "But it's time for you to go to dreamland." In retrospect, he realized meditation didn't suit him. It was a passive activity, while by nature he was a man of action, happiest when doing. Into new avenues of the labyrinth he moved, but then back again, back upon his own trail, twisting, turning, from the occult to modern literature, from history to popular science, and here the occult once more, always the shadow glimpsed so fleetingly and so peripherally that it might have been imagination, the scent of a woman no sooner detected than lost again in the perfumes of aging paper and bindery glue, twisting, turning, until abruptly he stopped, breathing hard, halted by the realization that he hadn't heard the singing in some time. Of course, Angel might have been playing around with the talking book. Or, even though she'd left the dolls downstairs, she might have been filling the time until Barty's return by having a nice chat with Miss Pixie and Miss Velveeta. She had other voices, too, for other dolls, and one for a sock puppet named Smelly. He had never associated Enoch Cain's dreaded Bartholomew with the disciple Bartholomew in Harrison White's sermon, which had been broadcast once in December '64, the month prior to Naomi's murder and again in January '65. Even now, with blood-scrawled-and-stabbed Bartholomew on the wall and with This Momentous Day before him in the brochure, Tom Vanadium couldn't quite make the connection. He strove to pull together the broken lengths in this chain of evidence, but they remained separated by
